

Curriculum Engineering (B.Sc.)

Domestic students & International Students with C1 competence of German language

- Start of studies: Winter semester 2026-27 and later - / Subject to approval!

8	Scientific Practical Project			Bachelor Thesis and Colloquium		
7	Choice of field of study: Automotive Engineering Dental Technology Electrical Engineering Mechanical Engineering Mechatronics Power, Environmental and Process Engineering Sustainable Material Technology and Product Development					
6						
5						
4						
3						
2	Elective	Projects: Technology and Computer Science 2	Practical Phase		Lecture Series in Engineering	Empowered Learning at the University
1	Elective	Projects: Technology and Computer Science 1	Worldthink - Concepts und Practice	Engineering Applications	Mathematics in Everyday Technology	Mastering Academic Life
