

Osnabrück Global Classroom – Summer Semester 2021

Due to the challenges the Corona Pandemic imposes on student mobility, Osnabrück University of Applied Sciences has established the Osnabrück Global Classroom as an alternative option for international students from partner universities.

If spending a semester abroad is not possible for you at the moment but if you are interested in studying online in an international and intercultural setting, then sign up for one or more of our online courses. It is not necessary to be present in Osnabrück and you can complement your studies at your home university with the courses you choose here.

List of courses:

Teaching mode and schedule

All courses are taught in English by lecturers from Osnabrück University of Applied Sciences or from international partner universities.

The lecturers use the video conference tool zoom with one or two live video conference sessions per week. All courses have a workload of 5 ECTS and conclude with an exam.

The courses will take place during the summer semester of Osnabrück University of Applied Sciences: March 22 – June 18, 2021 (lecture period), June 19 – July 25, 2021 (exam period)

Studying online as an international visiting student

As a student of one of our partner universities you will be registered as an international visiting student at Osnabrück University of Applied Sciences and receive a transcript of records upon completion of the class. You will also receive access to our university platform OSCA for a smooth interaction with the lecturers and fellow students.

If you wish to have the credits you earned at Osnabrück University of Applied Sciences recognized by your home university, a learning agreement needs to be signed prior to the start of the course.

Online orientation days will take place for all our guest students – no matter if they are present in Osnabrück or joining us online from abroad. You will have the possibility to join online sessions prior to the beginning of the courses, in which your questions about studying at Hochschule Osnabrück will be addressed and you will already get connected online with other international and German students of the upcoming winter semester.

Application

Students may choose courses at any of our faculties. However, due to limited capacities: When admitting the students into the courses, priority will be given to students from partner universities of the respective faculty.

The home university needs to nominate the student by completing an Excel file specifying the course(s) which the student would like to take. By nominating the student, the home university confirms that the student is enrolled there and that (s)he has the required English proficiency (CEFR B1, TOEFL 80 ibt, IELTS 5.5). The home university sends the nomination to the International Faculty Office of the partner faculty at Osnabrück University of Applied Sciences. The IFO will check the nominations and capacities. If the nomination is accepted, the student will receive a link to the Mobility Online registration portal to submit the application by January 31, 2021 at the latest.
