

Corona Virus Update | Current Information Email to Students of Osnabrück University of Applied Sciences, Wednesday, June 6th 2020

Dear Students,

after your fellow students, who study in dual study programs, have successfully started into their exam phase last week, all other exams will start this Saturday. Some exams will be held in unusual places.

You have all prepared well, and we feel that we have been able to create good conditions for you to end the semester in adequate settings.

Please note the following details on exams:

Hygienic Rules in Exams

The faculties have worked out procedural rules that you should read before showing up to your first exam. For different locations, different rules may apply. Therefore, please read the rules of your own faculty (which can also be found in the OSCA portal):

[Faculty of Agriculture and Landscape Architecture \(in German\)](#)

[Fakulty of Engineering and Computer Science \(in German\)](#)

[Fakulty of Management, Culture and Technology \(Lingen\) \(in German\)](#)

[Fakulty of Business Management and Social Sciences \(in German\)](#)

[Institute of Music \(in German\)](#)

Studying in the Library

You have the opportunity to prepare for your exams in the Library Buildings. Please do note, that you may only use the learning carrels by yourselves and that group work (groups = 2 persons or more) is prohibited! It is obligatory to wear a protective face mask in the library building. This mask may only be taken off when you are in a room alone. As soon as you leave this room, even if only for a very short time, you have to wear your mask. At this time, the work places in the library may only be used to prepare for exams individually, no other purpose is permitted. We ask for your understanding.

Questionnaire for Students: Studying in Times of Corona

The Covid-19 Pandemic has caused perturbation in our university routines. Many challenges needed to be met and still need to be dealt with. How did you fare with these new study conditions? What should be organized differently next semester? We are very interested in your answer and feel they are important for us. Therefore, we ask you to take 15 minutes of your time and fill our this anonymous questionnaire:

This week's video clip is not a cultural recommendation this week. Instead, we would like to draw your attention to a video produced by the LearningCenter which might hold some good advice for the exam weeks: <https://www.youtube.com/playlist?list=PLSjDva2jYXd3rSjQ6MdrwZQSbj-pt7wU4>

Wishing you a good week, a good exam preparation and successful exams!
