HOCHSCHULE OSNABRÜCK

UNIVERSITY OF APPLIED SCIENCES

Welcome to Osnabrück University of Applied Sciences, the largest University of Applied Sciences in the German state of Lower Saxony. In addition to offering around 100 practice-oriented study programmes in three locations, we have an impressive teaching and research record, and provide excellent opportunities for personal development. Our students value the academic and professional expertise of our faculty, our international networks, and our modern university management. To fulfil our mission, we are looking for individuals with innovative ideas and life-long curiosity.

The Faculty of Business Management and Social Sciences of Osnabrück University of Applied Sciences invites applications for the tenured W2 position of:

PROFESSORSHIP FOR NURSING SCIENCE

to start as soon as possible.

Ref. No 301 P0922

The professorship in "Nursing Science" is designated as a permanent full-time professorship within the Faculty of Business Management and Social Sciences. Building on their own nursing-related background, the future incumbent is to represent research, teaching and transfer in the field of nursing science and, if applicable, in midwifery science. Consequently, the professorship is intended to complement and expand the existing key areas of research, teaching and transfer activities of the "Nursing and Midwifery Science" department, as well as to make a nursing science-based contribution to intensifying and advancing the profile-creating "Application Relevance in Health Care" at the Faculty of Business Management and Social Sciences.

With regard to teaching, the future incumbent will primarily represent course content related to practical learning, transfer of nursing and midwifery science knowledge into practice, leadership and management in outpatient and inpatient facilities of long-term care, project development in international and national practice, models of theory-practice transfer, nursing and midwifery science as well as nursing management-related content of digitalisation in the health care system in the Bachelor's degree programmes in Nursing (Dual) and Midwifery Science. Additional core teaching areas include advanced nursing and midwifery care organisation and health services research in the extra-occupational and/or continuing education programmes in Nursing Science, Nursing Management and Midwifery, as well as the interdisciplinary Master's programme HELPP – Health Services Research and Healthcare Organisation. The criteria of the Lower Saxony Higher Education Act (NHG) govern the requirements for appointment to a professorship at Osnabrück University of Applied Sciences (<https://www.hs-osnabrueck.de/berufungen-und-recruitment/berufungsverfahren/formale-einstellungsvoraussetzungen/>).

For the advertised professorship, these criteria are specified as follows in accordance with Section 25(1) NHG:

- The future incumbent is expected to have a university degree in one of the following disciplines: Nursing Science, Nursing Education, Nursing Management or a comparable health science or social science degree programme.

HOCHSCHULE OSNABRÜCK

UNIVERSITY OF APPLIED SCIENCES

- The future incumbent is expected to have a particular aptitude for in-depth and independent academic work, usually demonstrated by an above-average doctorate related to nursing science. Where applicable, the candidate may also provide evidence of relevant achievements equivalent to a doctorate.
- The candidate's professional experience (five years of professional practice, of which at least three years must have been outside the university setting) is required to be demonstrably relevant to the content and tasks involved in the context of the professorship. Evidence must also be provided of the candidate's exceptional achievements in their career.
- The future incumbent will focus on developing our students, transferring knowledge and demonstrating enthusiasm for the distinctive features of the subject (pedagogical-didactic aptitude with a high degree of application orientation). Appropriate teaching experience – preferably with students – must therefore be demonstrated.

The successful candidate is also expected to have:

- International experience in the professional field or in the context of their academic qualification
- The ability to deliver classes in English
- A licence to practise in a nursing profession

Ideally, the incumbent will also have the following skills:

- A good knowledge of theory development in nursing as well as health services research or healthcare organisation in long-term care
- Experience with interdisciplinary/transdisciplinary cooperation
- Experience in integrating online components into teaching
- A cooperative management style towards students and employees
- Gender and diversity competence
- Intercultural experience in an international environment

We look forward to recruiting an individual with above-average qualifications who will make an interdisciplinary contribution to our teaching, research and self-administration. Motivated students, exciting projects and committed colleagues are waiting for you!

This may also be of interest:

At present, most courses are held in German. Inquiries in English about the formal process, including a list of materials to be submitted, can be addressed to: Aline Poniatowski (welcome-center@hs-osnabrueck.de). For more information on the appointment process at Osnabrück University of Applied Sciences, please visit: <https://www.hs-osnabrueck.de/en/appointment-and-recruitment/appointment-process/>

Osnabrück University of Applied Sciences is an equal opportunity employer. In line with our objective to increase the proportion of women in research and teaching, we explicitly encourage qualified women to apply for the position. In addition, we are keen to attract candidates with expertise in the areas of gender, diversity and family friendliness. For further information, you may contact our Equal Opportunity Office (phone: +49 541 969 2955 or gleichstellung@hs-osnabrueck.de). Full-time positions can be shared, providing this does not conflict with organisational requirements.

Applications by candidates with disabilities will be given preference in case of equal qualification.

Please send your application (in English or German) in electronic form – preferably as one PDF file – stating the reference number to the following address by **26.10.2022**
